**Atlantic Marine Sun Cruiser 805**

An elegant and universal boat with perfect finishing. In this boat you can leave your worries behind. Ideal for exciting sprints into the deep sea as well as pleasurable cruises along the shore. All the attractive sports and water fun are within reach.

Size does make a difference! The 805 boat, thanks to its length and width, offers space for even an 8-person crew. A spacious, upholstered sun deck allows for relaxation in the sun surrounded by friends.

The roomy, double cabin with toilet and kitchen annex will replace your home for several days, offering the possibility of longer, family sea cruises. The purpose-constructed, wide, strong hull gives you the feeling of being in complete control and the big power engine allows for both shorter and longer excursions.
